## OFFICE OF THE REGISTRAR

---

April 13, 2026

Dear AUB Students and Faculty,

We hope this message finds you and your loved ones well and safe.

As we continue to navigate an exceptionally difficult semester and in line with the [revised academic calendar](#), teaching and learning will resume tomorrow Tuesday, April 14, following the guidelines that were shared by the provost with the [students](#) and [faculty members](#) on April 7. Accordingly, classes will resume synchronously online, and in-person exams and experiential learning activities (labs, studios, clinical rotations) will resume on campus.

Course instructors will make alternative arrangements for students who cannot attend experiential learning activities or exams on campus. Students should continue to coordinate closely with their course instructors and follow the specific guidelines for their courses.

We will keep monitoring the situation and share updates as they arise.

Kind regards,

Office of the Registrar
