

Dr. Olivier Charnoz

Biography

Dr. Olivier Charnoz is a sustainability strategist working with multilateral and bilateral donors, NGOs, and private companies. With multidisciplinary expertise across the private and public sectors, he works in Asia, Latin America, and Africa on private sector development, diversity & inclusion, digital entrepreneurship as well as biodiversity protection. He provides program strategies, design, monitoring, and evaluations. He is the Founder of ImpactDev (impact consulting firm), Go-Up.Work (an employee engagement platform) and Planet People (a fast-growing global community of ESG/CSR professionals that meet online to support each other).
