

USFC and student cabinet elections postponed

Thursday December 3, 2009

The Board of Deans at the American University of Beirut announced on December 3 that student cabinet elections at the Faculty of Arts and Sciences as well as the University Student-Faculty Committee election have been indefinitely postponed, in response to accusations being made by various student groups who competed in the Student Representative Council elections of November 17.

The Board will be “investigating these allegations that could potentially compromise the integrity of the election process,” said the statement.

The Board will wait for the results of the investigation before setting a new date for both elections, the statement added.
