

Selection Criteria

Applicants must submit, along with the application, a personal statement explaining their interest in the program, in addition to names and contact information of two references.

If eligible and shortlisted, a selection interview will then follow to conclude the admission process.

To Apply

Please visit our webpage at grad-admissions@aub.edu.lb. Fill in the posted application form, and send it to the AUB Office of Admissions with the required attachments.

FACULTY OF
HEALTH SCIENCES

**EXECUTIVE
MASTER IN
HEALTH CARE
LEADERSHIP**

WHERE HEALTH LEADERS ARE MADE

The Faculty of Health Sciences (FHS) at the American University of Beirut (AUB) is offering the Executive Master in Health Care Leadership (EMHCL): an innovative academic program to enhance the knowledge and skills of current and future generations of healthcare leaders. The program is tailored to the needs of the healthcare sectors in the Middle East and North Africa region, with the aim of advancing public health knowledge and practice.

The innovative EMHCL program covers a wide range of topics including: communicating with policymakers; evidence-based management; marketing in healthcare; organizational reform; performance improvement and innovation; and strategic planning and decision-making.

A DEGREE THAT MATTERS

- » Providing in-depth insight into leadership, innovation, and entrepreneurial practices within healthcare to enhance the public's health.
- » Teaching new best practices for improved managerial performance from leading public health academics and practitioners from AUB, the region, and beyond.
- » Offering networking opportunities with professional leaders throughout the region.

A FAST TRACK TO CAREER DEVELOPMENT

- » Expand your knowledge of recent advances in health and of the challenges and dynamics specific to healthcare systems in the region and globally.
- » Improve your managerial and leadership skills.
- » Be an active player in enabling and enhancing the operations of your institution.

WHO SHOULD APPLY?

- » Mid-level managers and senior executives working or interested in the healthcare sector.
- » Professionals committed to leading their institutions towards excellence.
- » Motivated individuals planning to play a leadership role in health systems.

Program Structure and Credit Requirements

The EMHCL Program provides a flexible format that allows you to continue working without significant interruptions:

- » The program is a 45-credit master's program that offers 21 block courses spread over 18 to 24 months.
- » Attendance is required once a month for a five-day intensive session.
- » Follow-up is conducted between sessions.

Admission Requirements

An applicant is considered for admission to the EMHCL program if he/she:

- » Has, at a minimum, a bachelor's degree from a university that is recognized by AUB.
- » Meets the English Language Proficiency Requirement (ELPR) of AUB.
- » Has at least five years of professional experience in the field of healthcare, management, or a related field. Applicants from non-health sectors may be considered.
- » Must be currently employed in a managerial post and demonstrate leadership potential and prospects for academic and professional success.
